

Alberta Aids to Daily Living

Bulletin #161

Product list updates: Wheelchairs

Alberta Aids to Daily Living (AADL) has made updates to [AADL Approved Product List W – Wheelchairs: Manual and Power](#), including product descriptions and version dates of manufacturer specification sheets. There are no changes to product selection or price.

These changes take effect December 1, 2023.

What has changed

Updated product descriptions:

- Catalogue number W151 – Catalyst 4C has been discontinued by the manufacturer and replaced with Catalyst 4E.
- Catalogue number W394 – Ki Mobility Rogue has been replaced with Rogue 2.

Updated catalogue numbers:

- Catalogue number W138 has been updated to differentiate products ordered for adults (A) and pediatric clients (P). It is now listed as W138P in the Pediatric Manual Wheelchairs section, and W138A under Category B Manual Wheelchairs.

Updated version dates for manufacturer specification sheets

- Version dates of manufacturer specification sheets have been updated.
- Manufacturers have updated their AADL specification sheets to clarify wording and ensure the options covered by AADL are clearly marked.
- The updates do not include any changes to manufacturers' published prices.
- The latest AADL specification sheets are available on manufacturer websites. Authorizers and clients can request the latest specification sheets from an AADL vendor.
