

Alberta Aids to Daily Living

Bulletin #153

Updates to respiratory approved product list

Alberta Aids to Daily Living (AADL) has updated the approved product list for respiratory benefits. The updates are informed by ongoing collaborative discussions with the Respiratory Homecare Association of Alberta.

What has changed

Updated pricing

AADL has increased the maximum it will pay for oxygen and bi-level positive airway pressure (BPAP) benefits. The updated pricing is effective April 1, 2023. Claims with service dates on or after April 1 will be retroactively adjusted to the new pricing.

AADL recommends that respiratory vendors carefully review the new approved product list to ensure their systems are updated to match. The updated lists can be found on the [AADL respiratory benefits page on the Open Government web portal](#).

Vendors who require support while transitioning to the updated approved product list may contact Alberta Blue Cross Provider Inquiries at 1-888-828-8738 or healthservicesAADLinquiries@ab.bluecross.ca
