Product list updates: Voice restoration and
electrolarynx benefits

Alberta Aids to Daily Living (AADL) has updated to [AADL Approved Product List A – Voice Restoration and Electrolarynx Benefits](#) to add new products, remove discontinued products and add the specific AADL catalogue number for each product.

These updates take effect March 1, 2024.

Products added

- Heat-moisture exchange filters (AADL catalogue number A710):
 - Blom-Singer Day & Night HME filters, EasyFlow and ClassicFlow (box of 30)
 - ADDvox stoma filters with microporous adhesive, skin tone and off-white (box of 60)
- Heat-moisture housing/baseplates (A725): Blom-Singer AccuFit and HydroFit adhesive housing (box of 30)
- Shower covers (A760): ADDvox silicone shower shield
- Cloth stoma covers (A765): Freevent stoma cover T-shirt, beige and grey

Products removed

The following products have been removed from the approved product list because of low use by clients, replacement by another product or they are no longer available from the manufacturer:

- Passy-Muir external speaking valve for tracheotomy (A600)
- Portable voice amplifier with microphone (A610)
- Blom-Singer Humidifilter range of filters and Blom-Singer Classic Flow and Easy Flow filters (A710)
- Provox TracheoFix stoma covers (A710)
- Blom-Singer TruSeal range of adhesive housings (A720)
- Cloth strap for laryngectomy tubes (A740)
- Blom-Singer nylon shower guard and semi-rigid nylon shower guard (A760)
- Blom-Singer ATSVII valve kit and ATSV alternative hands-free combination package (ATSVII valve kit and humidifier cap) (A780)

Product updates

- The quantity of Blom-Singer foam stoma protectors (A710) available to clients has been increased from 30 to 60.
- The list of tracheostoma valve housing combination options has been revised for clarity. The combinations covered by AADL have not changed, but new AADL catalogue numbers have been assigned to the updated combinations.

Vendor updates

Added InHealth Technologies Canada (Freudenburg Medical) to the approved vendor list and removed AutoControl Medical and Ontario Home Health.
